

FAMILY RIDES

Balloon Tower

Gentle vertical ride in balloon-themed gondolas.

12 m

Height

32

Seats

≈ 100 m²

Footprint

OVERVIEW

The Balloon Tower is a family ride: balloon-shaped gondolas rise, turn and descend around a 12 m tower — a sky-ride experience without the thrill-ride restrictions. 32 seats, up to 480 riders per hour, on a 10 × 10 m footprint; minimum rider height 90 cm.

Designed and manufactured with reference to international amusement-ride standards, EN 13814 in particular. Certification and approval are planned per project for the country of installation.

TECHNICAL SPECIFICATIONS

Footprint	≈ 100 m ²
Length	10 m
Width	10 m
Height	12 m
Seats	32
Theoretical hourly capacity	480 pph
Min. rider height	90 cm

Values are for the standard configuration and may vary with options and site conditions. Detailed layout drawings, foundation loads and electrical requirements are provided with the quotation.
