OVERVIEW

Bumper cars are the ride every park needs: easy to operate, high throughput, popular with every age group.

We supply the complete installation — floor, canopy, cars, power system and lighting — sized to the site. Car count, colours and theming are specified per project.

Designed and manufactured with reference to international amusement-ride standards, EN 13814 in particular. Certification and approval are planned per project for the country of installation.

TECHNICAL SPECIFICATIONS

Footprint	≈ 288 m ²
Length	24 m
Width	12 m
Height	5.5 m
Seats	32
Theoretical hourly capacity	320 pph
Min. rider height	90 cm

Values are for the standard configuration and may vary with options and site conditions. Detailed layout drawings, foundation loads and electrical requirements are provided with the quotation.
