

FAMILY RIDES

Crazy Chair

Family swing-chair ride with a lively motion pattern.

OVERVIEW

Crazy Chair is a family ride built around a simple idea: seats that move. Rows of chairs swing and tilt in a lively programme that suits children and adults together.

Compact footprint and straightforward operation make it a practical family-zone ride; colours and theming per project.

Designed and manufactured with reference to international amusement-ride standards, EN 13814 in particular. Certification and approval are planned per project for the country of installation.

TECHNICAL SPECIFICATIONS

Values are for the standard configuration and may vary with options and site conditions. Detailed layout drawings, foundation loads and electrical requirements are provided with the quotation.
