

FAMILY RIDES

Flying Carpet

Four-arm swinging platform, 40 riders, park or trailer model.

8 m

Height

40

Seats

≈ 264 m²

Footprint

OVERVIEW

The Flying Carpet is a high-capacity classic: a 40-rider platform carried on four arms rotates 360° about a horizontal axis while the platform itself stays level, so riders feel a moment of free fall on every swing.

Available as a park model or a trailer-mounted model. Colours and theming are specified per project.

Designed and manufactured with reference to international amusement-ride standards, EN 13814 in particular. Certification and approval are planned per project for the country of installation.

TECHNICAL SPECIFICATIONS

Footprint	≈ 264 m ²
Length	22 m
Width	12 m
Height	8 m
Seats	40
Theoretical hourly capacity	680 pph
Min. rider height	120 cm

Values are for the standard configuration and may vary with options and site conditions. Detailed layout drawings, foundation loads and electrical requirements are provided with the quotation.
