

FERRIS WHEELS

50 M Panoramic Ferris Wheel

50 m panoramic wheel with enclosed, air-conditioned gondolas.

50 m

Height

120

Seats

≈ 456 m²

Footprint

OVERVIEW

The 50 m panoramic wheel is the flagship of our wheel range. Its light, clean steel structure has made it a landmark not only in parks but in city gardens and waterfronts.

Enclosed, air-conditioned gondolas give riders an all-weather view of the city; the structure is designed as a permanent installation. Gondola count, colours and lighting programme are specified per project.

Designed and manufactured with reference to international amusement-ride standards, EN 13814 in particular. Certification and approval are planned per project for the country of installation.

TECHNICAL SPECIFICATIONS

Footprint	≈ 456 m ²
