Seats

≈ 52 m²

Footprint

OVERVIEW

Mini Robocop is the compact version of the Robocop pendulum ride: the swinging motion young visitors know from the big ride, at a smaller scale and a gentler programme.

A popular step-up ride between children's units and full thrill rides. Colours and theming per project.

Designed and manufactured with reference to international amusement-ride standards, EN 13814 in particular. Certification and approval are planned per project for the country of installation.

TECHNICAL SPECIFICATIONS

Footprint	≈ 52 m ²
Length	8 m
Width	6.5 m
Height	6 m
Seats	8
Theoretical hourly capacity	160 pph
Min. rider height	90 cm

Values are for the standard configuration and may vary with options and site conditions. Detailed layout drawings, foundation loads and electrical requirements are provided with the quotation.
