

THRILL RIDES

Robocop 180

120° pendulum with feet-free seating.

15 m

Height

24

Seats

≈ 231 m²

Footprint

OVERVIEW

Robocop is the entry model of the Robocop family: a pendulum ride with feet-free seating and a 120° swing — a strong thrill for parks that do not need a full-rotation programme.

Colours and theming are specified per project.

Designed and manufactured with reference to international amusement-ride standards, EN 13814 in particular. Certification and approval are planned per project for the country of installation.

TECHNICAL SPECIFICATIONS
