

THRILL RIDES

Skate Board

Half-pipe skateboard ride, park or trailer model.

10 m

Height

24

Seats

≈ 144 m²

Footprint

OVERVIEW

The Skate Board is a half-pipe ride: a skateboard-shaped vehicle sweeps up both sides of the pipe while spinning, for a sensation of speed and height that appeals across age groups.

Available as a park model or trailer-mounted for travelling operation.

Designed and manufactured with reference to international amusement-ride standards, EN 13814 in particular. Certification and approval are planned per project for the country of installation.

TECHNICAL SPECIFICATIONS

Footprint	≈ 144 m ²
Length	24 m
Width	6 m
Height	10 m
Seats	24 / 32
Min. rider height	120 cm

Values are for the standard configuration and may vary with options and site conditions. Detailed layout drawings, foundation loads and electrical requirements are provided with the quotation.
