

THRILL RIDES

Star Flyer

The flying-chair classic, redesigned for height.

36 m

Height

24

Seats

≈ 225 m²

Footprint

OVERVIEW

The Star Flyer is a modern take on the flying-chair ride: seats on chains rise up a tower and swing out as it rotates, giving riders height and an open view of the whole park.

Popular with families and teenagers alike; tower height, capacity and lighting per project.

Designed and manufactured with reference to international amusement-ride standards, EN 13814 in particular. Certification and approval are planned per project for the country of installation.

TECHNICAL SPECIFICATIONS

Footprint	≈ 225 m ²
Length	15 m
Width	15 m
Height	36 / 40 / 52 m
Seats	24 / 32
