Seats

≈ 324 m²

Footprint

OVERVIEW

The Twister is a park classic with a long history. Each vehicle seats two adults and one child; as the ride accelerates, centrifugal force swings the vehicles outward and the platform tilts to 45°, lifting riders up to 12 metres.

A gentle-speed ride with a big visual presence, popular across age groups. Colours and lighting per project.

Designed and manufactured with reference to international amusement-ride standards, EN 13814 in particular. Certification and approval are planned per project for the country of installation.

TECHNICAL SPECIFICATIONS

Footprint	≈ 324 m ²
Length	18 m
Width	18 m
Height	12 m
Seats	14
Min. rider height	120 cm

Values are for the standard configuration and may vary with options and site conditions. Detailed layout drawings, foundation loads and electrical requirements are provided with the quotation.
